SUMMARY

BCA graduate with specialized training in Software Development and Testing (SDET). Skilled in **manual and automated testing, Java, Selenium, SQL, and test case design. Strong understanding of SDLC, STLC, and Agile methodologies**. Passionate about quality assurance and delivering robust, bug-free applications. Interested in contributing to a dynamic team and growing as an SDET professional

Education

- **BCA** – Government First Grade College, Vijayanagar (2022)
- **PUC** – LNR College, Ramohalli (2019)
- **SSLC** – Shree Gangadhareshwara High School, Ramohalli(2017)

Certifications

- Certified in Manual and Automation Testing from QSpiders.

Hands-on Project Experience

ShopperStack Manual and Automation Tester
- Analyzed requirements and created detailed test scenarios and test cases for modules such as product search, cart, and checkout.
- Performing functional, integration, and regression testing manually and via automation scripts in Selenium with Java.
- Automated smoke test cases using TestNG and Selenium WebDriver.
- Reported and tracked bugs using JIRA and collaborated with developers for fixes.

ActiTime Manual and Automation Tester
- Created manual test cases for the login, timesheet, user management, and reports modules.
- Conducted cross-browser and boundary value testing to ensure reliability and accuracy.
- Developed basic automation test scripts using Selenium and TestNG to validate log-in and task functionalities.
- Worked in an Agile environment, participated in daily stand-ups, and regularly updated test progress.

Projects

Online Vehicle Service Management System
- A web-based platform designed to allow users to book vehicle servicing online, view service history, track booking status, and receive notifications.
- Admins manage bookings, users, and service records through a back-end panel.
- Languages: Python, Django, MySQL.

Online Vehicle Booking Management System
- A Web-based system that allows users to search, select and book vehicles online.
- The platform includes modules for vehicle browsing, booking management, user registration/login.
- Admin control for vehicle listings and bookings.
- Languages: Java, SQLite, HTML, CSS

Skills

Technical Skills:

- Languages: Java, SQL
- Tools: Selenium, TestNG, JIRA, MySQL
- Concepts: Manual Testing, Automation Testing, SDLC, STLC, Agile

Soft Skills:

Problem-Solving, Attention to Detail, Team Collaboration, Communication, Time Management, Quick Learner, Analytical Thinking

Languages

English, Kannada, Telugu

Hobbis

playing offline mobile games, watching movies.
